Response to Notice of Non-Compliant Amendment

Commissioner for Patents
Alexandria, Virginia

Dear Sir:

In reviewing the PAIR system entries for application number 10/821,739, applicants' representative discovered that a Notice of Non-Compliant Amendment had been mailed on October 26, 2007. Apparently, claims 12 and 13, which had been withdrawn from consideration as the result of a restriction requirement, had not been entered into the listing of claims with the status identifier "withdrawn" in the response and amendment submitted on October 13, 2007. The present communication is a resubmission of that response and amendment.

A two-month extension of time in which to file the response to the Notice of Non-Compliant Amendment is respectfully requested, and the appropriate fee accompanies this response via the EFS system.

Amendments to the claims are reflected in the listing of claims that begins on page 3 of this paper.

Remarks/Arguments begin on page 5 of this paper.
